

years, but this is the first time we are unveiling a partnership with the American people, a promise, if you will, that if the American people put their trust in us and elect a Democratic majority in November, we will work with them as partners to make their lives and our government better.

TEN-YEAR ANNIVERSARY OF THE GOP HOUSE MAJORITY

(Mr. BLUNT asked and was given permission to address the House for 1 minute.)

Mr. BLUNT. Mr. Speaker, Americans like the partnership they have. Republicans have trusted the ingenuity of the American people to expand opportunity for themselves and their families.

For 10 years, the Republican majority has worked to expand the power of the American people over the power of the American government.

We believe in letting people keep more of their hard-earned money so that they are better able to provide for their families and invest in their own futures.

We trust small business owners to create jobs and grow the economy better than government programs can.

We understand that school teachers and parents in Springfield, Missouri, and other places across this Nation know what is best for students, not bureaucrats in Washington.

We know that excessive government regulations never created a single job for an American worker.

House Republicans believe individuals make better decisions than government, and when Americans are given freedom to exercise personal responsibility to provide for their futures, they have a greater stake in securing that future.

After 10 years, that future is bright. As a majority, we have accomplished so much, but there is still so much more to do. In many ways, we have only just begun to make the impact our Nation needs.

Although priorities have changed, our principles do not, as we move forward into a second decade.

REPUBLICAN PARTY IN BREACH OF CONTRACT

(Mr. McDERMOTT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. McDERMOTT. Mr. Speaker, it is time to declare the Republican Party in breach of contract.

A decade ago, the GOP promised the American people they would balance the budget. Instead, they have engineered the largest deficit in history.

A decade ago, the GOP promised Americans a fair shake. Instead, average Americans have seen their incomes shrink, their jobs evaporate, Social Security threatened, and health care beyond the reach of 45 million Americans.

A decade ago, the GOP promised to help seniors. Instead, the GOP sent plastic cards to senior citizens and big profits to drug companies. Some contract.

When it comes to the American people, the GOP, like the President, have been AWOL. The contract is null and void. It is time for a new partnership. Come January, we will stand and say, Madam Speaker, as the gentlewoman from California (Ms. PELOSI) becomes the first woman Speaker of the House.

The time is now and it is long overdue. It is only 40 days away.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. SIMMONS). Members are admonished to refrain from improper references to the President.

TEN YEARS OF A REPUBLICAN HOUSE

(Ms. PRYCE of Ohio asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. PRYCE of Ohio. Mr. Speaker, in the past 10 years, the Republican majority in this House has created a stronger, safer and more prosperous Nation and we celebrate that today. At the heart of that prosperity stand our Nation's small businesses.

Under our Republican-led House, the number of small businesses has exploded, most notably female-owned companies. From 1992 to 1997, women-owned firms increased by 16 percent, accounting for a quarter of all small businesses. Today, nearly 40 percent of all small businesses are owned by women, a number that is increasing at double the rate of all U.S. companies.

By cutting red tape and providing tax relief and regulatory reform, House Republicans have made it possible for Americans, women especially, to become independent entrepreneurs. Less time tangled up in red tape and buried in paperwork means more time at home with their children, the ability to hire more workers, even the possibility of opening another store or factory.

Mr. Speaker, the Republican majority understands the tremendous potential of the American entrepreneur. I look forward to the next 10 years, seeing American dreams become realities in our communities across this country.

DEMOCRATS OFFER A DIFFERENT VISION

(Ms. SCHAKOWSKY asked and was given permission to address the House for 1 minute.)

Ms. SCHAKOWSKY. Mr. Speaker, perhaps the greatest disservice that the Bush administration and the Republican leadership have inflicted upon the American people is the lowering of

expectations of what this great country of ours can be.

As the undisputed superpower of the world and the richest nation in the history of the planet, our opportunity to be a force to advance humankind in all respects is without limit and, one after another, this Nation has squandered those opportunities, leaving more Americans in poverty and without health insurance, breathing dirtier air, fewer with a chance of college, 1,027 dead in a war that has made the United States reviled around the world.

The Democrats are offering today a different vision, inviting all Americans to partner with us and each other in an America built on our shared values of prosperity, opportunity and fairness for all, national security, accountability and community.

Together, we can fulfill the great promise and the great hope that is the United States of America.

WELCOMING DAVE AND KELLY KEIM OF BERNE, INDIANA

(Mr. PENCE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PENCE. Mr. Speaker, I rise this morning to welcome Dave and Kelly Keim of Berne, Indiana, to our Nation's capital. They are in town today to stand with many others in this building to oppose embryonic stem cell research.

Why would people come from Berne, Indiana? The answer can be found in their 18-month-old twins, Caroline and Spencer, who are a daily and profound reminder that embryonic adoption should be preferred in the law always over destroying human embryos for stem cell research.

Mr. Speaker, Caroline and Spencer Keim are fully human today, just as they were 18 short months ago when they were in the frozen embryonic stage of their development. They stand as a living testament to the truth that it would have been morally wrong to destroy their embryonic lives, even for well-intentioned medical research.

Ronald Reagan said it wisely in the year 1984, "We cannot diminish the value of one category of human life, the unborn, without diminishing the value of all human life."

Mr. Speaker, I welcome Dave and Kelly Keim and their two beautiful twins, Caroline and Spencer, to Washington today, and I thank them for their courageous stand for life in this critical issue of embryonic stem cell research.

DEMOCRATS UNVEIL NEW PART- NERSHIP FOR AMERICA'S FUTURE

(Mr. BROWN of Ohio asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BROWN of Ohio. Mr. Speaker, recently the President of the United

States announced a record increase, 17.4 percent, in the premiums that Medicare beneficiaries will be forced to pay, a record not matched in the 38-year history of Medicare. Why this increase? Because of the President's prescription drug bill, a drug bill written by the insurance industry, written by the drug industry.

□ 1015

Twenty-three billion dollars in direct subsidies go from the pockets of seniors, with their premium increase, into the coffers of the insurance companies, \$180 billion dollars extra profits for the already record profitable drug companies.

And this has happened over and over on the House floor: middle of the night votes, literally a bribe offered on the House floor during the passage of Medicare. That is why Democrats are unveiling today the New Partnership for America's Future to take our country in a new direction, to take our country in a better direction.

JOE LOCKHART SHOULD LEAVE THE KERRY CAMPAIGN

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, CBS has publicly apologized for airing the story on President Bush's National Guard service which relied on fraudulent documents. The fallout from this story will be felt for a long time. CBS has discredited itself as a news organization.

Some were surprised to learn that the man who produced those forged documents, Bill Burkett, was in contact with the Kerry campaign. A series of e-mails has surfaced showing that Burkett spoke with Max Cleland, an adviser to JOHN KERRY's presidential campaign about assisting the Democrats with a counter attack on Bush.

Also, a senior adviser to KERRY, Joe Lockhart, said that on the advice of CBS producer Mary Mapes, he spoke with Burkett about Vietnam and the Presidential campaign shortly before the piece aired. Lockhart's role in this attack is particularly disturbing.

Fraudulent political attacks by anyone are reprehensible. Joe Lockhart is talented and intelligent, but I believe he should excuse himself from the Kerry campaign.

WAR IN IRAQ IS COSTING U.S. LIVES AND DOMESTIC PROGRAMS

(Ms. WATERS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WATERS. Mr. Speaker, I am sick and tired of waking up every morning to the news that more men and women are being killed in Iraq. I am as patriotic as anybody, but why are we in Iraq? We have discovered that we were

misled. There are no weapons of mass destruction. But our young men and women are dying every day.

At the same time, we are spending \$1 billion per week on this war. We are spending \$1 billion a week, but we have 44 million Americans without health insurance. We have rising poverty. We have men and women who work every day but cannot afford to pay rent. Yet this administration is cutting the section 8 program that would support families in their ability to have a house.

What are we doing in education? Far too many dropouts, not only in our inner cities but in our rural areas. This President says, leave no child behind, but it is empty rhetoric. He is not putting his dollars where his mouth is.

RECOGNIZING 10 YEARS OF RE- PUBLICAN MAJORITY IN U.S. HOUSE

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BLACKBURN. Mr. Speaker, several of us are coming to the well this morning to celebrate the decade since those revolutionary, visionary Republicans gained a majority in this House and helped put America back on the right track.

Today, Americans are paying lower taxes. We have a stronger, more well-trained military, and we fight every day to decrease regulation and to get at the heart of waste, fraud and abuse in our government. None of this, not any of it, would have happened without those passionate patriotic Republicans.

We understand that small businesses are what fuel this economy, so we have worked to help create and expand jobs. We have created health savings accounts, which give Americans more control over their health care dollars, greater choices.

Our historic tax relief has helped push America out of recession and helped to protect the American Dream for future generations. Republicans know that government does not create jobs; small business does. And we celebrate 10 years of success.

TEN YEARS: ADVANCES

(Mr. STEARNS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STEARNS. Mr. Speaker, Republicans have been in the majority here in the House of Representatives for 10 years now, and a lot has changed. We have helped to free working families from the heavy tax burden, but we need to make our work permanent. We need to make a child tax credit, elimination of the marriage penalty tax and the elimination of the death tax permanent. Only the Republicans are committed to doing this.

We have established a more optimistic welfare system that encourages

self-sufficiency and has shortened the welfare lines. But there are still families on welfare who want to get off, so there is more work to be done. Only Republicans are committed to doing this.

Since 1994, unemployment rates are lower. Median household income is higher. A greater percentage of Americans are graduating from college. Home ownership rates are higher. And the violent crime rate has decreased.

Mr. Speaker, the numbers prove that American families are better off, much better off with Republicans making the laws.

GOP 10-YEAR ANNIVERSARY

(Ms. GINNY BROWN-WAITE of Florida asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. GINNY BROWN-WAITE of Florida. Mr. Speaker, Americans celebrate the 10-year anniversary of Republican majority in this House of Representatives. Let us remember that it was President Reagan's emphasis on security that provided the legacy that we now use as the starting point for the Grand Old Party.

If Congress does not see to it that every American is safe, does anything else matter? Republicans answered this question by strengthening our military, equipping our troops, confronting terrorists on their turf and taking care of our veterans when they return home. From the fall of the Iron Curtain and the demise of communism to the liberation of Iraq and Afghanistan, Republicans have driven policy that has transformed unsafe nations while protecting our own.

Republicans recognize that we do not need to seek a permission slip to defend our Nation and that nothing is more important than a safe, secure America.

HOUSE REPUBLICANS: A PROUD AND POSITIVE 10-YEAR RECORD OF ACHIEVEMENT

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, for the last 10 years, the House Republican majority has built a proud and positive record that has improved the lives of American families. In 1994, Republicans were overwhelmingly elected to bring leadership and accountability to Washington. Republicans had a clear vision to restore fiscal responsibility, rebuild our defense and intelligence, and create jobs through relieving the tax burden and reforming welfare, improving education for our children, protecting the lives of the unborn and the sanctity of marriage, and leading with honesty and integrity.

In the last 10 years, the stock market has more than doubled in value. Poverty has decreased. Unemployment has
